

A-Frame Solutions is a Small Business founded by three former Federal Contracting Officers with **51 years of combined acquisition experience**. We modernize federal acquisition through expert acquisition services and **ArcSuite AI**, our adaptive, no-code operations platform that automates complex procurement workflows, centralizes records, and enables real-time collaboration, so agencies do more with fewer resources without sacrificing compliance.

— CORE COMPETENCIES

Acquisition Services

Cradle-to-grave contracting support: requirements development, solicitation preparation, proposal evaluation, source selection, contract award, post-award administration, and closeout.

Program & Acquisition Office Support

Experienced acquisition professionals embedded with your team to add capacity and expertise.

AI Change Management

Helping acquisition teams adopt AI into real procurement workflows, with the judgment of people who have held the warrant.

AI Workflow Software

The ArcSuite AI platform, purpose-built on a foundation of federal procurement.

— ARCSUITE AI PLATFORM

ArcSuite Ai

Four integrated modules that adapt to your operations. Use one or all four.

ArcTracker

Real-time workflow & contract status dashboard that replaces manual spreadsheets, with collaborative document editing, built-in spreadsheets, and AI drafting with compliance checks.

ArcInsight

Agentic AI that searches your records and knowledge libraries to answer questions, draft documents, and build editable tables from your own regulations and policies.

ArcProcure

End-to-end e-procurement: publish solicitations, receive electronic proposals, and flow straight into evaluation in one auditable workflow.

ArcSelect

Source selection with customizable, standardized evaluation criteria and built-in consensus decision-support for procurements of any size.
